Dear Dr Feakin,

Mr Richard Matthews is an elected Postgraduate Student member of the University of Adelaide Council. He was first elected in 6 March 2017 and re-elected 6 March 2018. Richard is invariably attentive to Council business, a keen contributor to discussions, and conscientious toward the broader Council representational duties.

I am his mentor on the Council. Although I am not fully across the detail of the PhD research subject that he is currently undertaking, there is little doubt that Richard would be a strong and engaging team member. I am sure that he would benefit from and be most suitable for the internship to which he has applied.

Kevin Scarce AC CSC RAN (Rtd)
